PROFILE

I am currently seeking opportunities where I can apply all the knowledge and skills I have gained through my academic and practical experience while continuing to grow in a professional environment. I am eager to contribute to a team where I can take on tasks that challenge my thinking, strengthen my problem-solving abilities, and deepen my understanding of real-world systems through consistent, hands-on involvement.

SOFT SKILLS

Data Flow Diagrams

Algorithm and Data Structure

Time Management

Adaptive and Fast Learner

Critical thinking skills

Decision making

Can Work Under Pressure

Capable of rapid task execution

without sacrificing quality
